

Minor in BIOLOGY

Revised 11/05 MLT

The minor in biology consists of 22 credit hours minimum. The four courses listed below are required. In addition you must select at least two elective courses from the departmental offerings applicable to a BS major in biology at the 300- or 400-level.

These additional courses may not include 50-481 Senior Biology Seminar, 50.390 or 50.391 Undergraduate Research in Biology I or II, 50.490 Internship in Biology, and 50.493 or 50.494 Honors Independent Study in Biological Research I or II.

Cell Biology and Microbiology have 52.115 Chemistry for the Sciences I as a pre-requisite. Some upper division biology courses have additional pre-requisite courses in chemistry.

Required Courses (16 cr hrs)

50-114	Concepts in Biology I	4	<input type="checkbox"/>	
50-115	Concepts in Biology II	4	<input type="checkbox"/>	Pre-requisite: 50.114
50-242	Microbiology	4	<input type="checkbox"/>	Pre-requisite: 50.115 and 52.115
50-271	Cell Biology	4	<input type="checkbox"/>	Pre-requisite: 50.115 and 52.115

Biology Electives Requirement (6 cr hrs)

Select 6 cr hrs of biology electives (these must be 300- or 400-level courses that are applicable to the BS Biology major).
